

GENERAL MOTORS DENOUNCED BY CIO

STEPS TAKEN
TO BUILD UP
REGULAR NAVYENLISTMENTS MAY
BE FOR 2, 3, 4
OR 6 YEARS

Washington, Oct. 22 (AP)—Both the Senate and Navy took steps today to encourage volunteer enlistments in the Navy.

The Senate passed a bill, still needing House action, which its naval committee reported "will do much to make the Navy an entirely voluntary organization as it was before the war."

The Navy announced that volunteers for its regular establishment now have the choice of signing up for two, three, four or six years. The options also apply to reenlistments. The regular Navy team of service has been four years.

Provisions of the Senate-approved bill include:

(1) Transfer after 16 years of service to the fleet reserve at one-third pay and after 20 years at one-half pay.

(2) Credit fleet reservists with active duty in computation of retirement or retired pay.

(3) Restoration of enlistment allowance for men who reenter service within 24 hours after honorable discharge.

(4) Enlisted men under 33 years, with satisfactory records could, after three years service, take examinations for promotions to the rank of ensign.

(5) Retired and reentry pay to be computed at 2 1/2 per cent per year of active service.

Army Of 4 Million
To Insure Peace
Proposed For U. S.

Washington, Oct. 22 (AP)—Gen. Jacob L. Devers said today that a 4,000,000-man American army would insure the peace of the world.

The general, who commanded the Sixth army group in its sweep through Southern France and is now chief of Army ground forces, spoke at a luncheon starting off the Victory Loan drive in Washington.

Foreseeing the possibility of World War III in 16 to 17 years, General Devers told his audience: "You may talk your head off in the interest of peace, but unless you can, when challenged to show your cards, lay them down in a winning combination, all your talk is worthless."

The danger of a new world war, he said, will come when an element of public opinion, as after the last war, "will try to tell us that war will never come upon us again. And then in about 1961 or '62 some ambitious man will arise somewhere in the world and start the same old formula over again."

Stormy Winds Kill
2 Persons In Texas

Denison, Tex., Oct. 22 (AP)—Two persons were dead today and at least 33 injured in the wake of stormy winds which swept a cold norther into Texas over the weekend.

Fourteen persons marooned on an island in Lake Texhoma by wind-lashed waves had reached safety and the little northeast Texas town of Pittsburg was caring for victims of a tornado which lashed around the town yesterday, injuring at least 33. High winds also demolished dozens of buildings at Henderson, in East Texas.

Dead were Volney Miller, a Madill, Okla., barber, and his brother, Alvin Miller, of Conroe, Tex., who drowned yesterday when 10-foot waves overturned their boat on Lake Texhoma.

Navy Opposes Merger
With War Department;
Hitler Example Cited

Washington, Oct. 22 (AP)—Pointing to beaten Germany as a horrible example, the navy today opposed proposals for merger of the war and navy departments.

"The Germans had that in Hitler, and I do not think it is a profitable example," Secretary of the Navy James V. Forrestal told the senate military affairs committee.

In place of the congressional proposals for a single department with authority over air, land and sea forces, the navy's civilian chief suggested:

1. A study of the whole field of postwar defense problems by a

committee of military experts, congressmen, and leaders in science, labor, education and industry.

2. Creation of a national security council composed of the secretaries of state, war and navy, plus the heads of a new national security resources board.

3. Retention of the present war and navy departments and many of the wartime organizations which, Forrestal said, produced coordinated efforts in military operations.

The cabinet member offered a big chart that showed a new department of air ranking along with present war and navy departments, but Secretary Forrestal said he was not convinced that air should be given an equal place.

When Forrestal had completed his prepared arguments, most senators on the military committee made it clear by a barrage of critical questions that they still favored some plan for consolidating all armed forces under a single cabinet position.

PRICE CONTROLS
NOW OUTMODDEDCongressmen Think OPA
Is Blocking Path Of
Reconversion

Washington, Oct. 22 (AP)—OPA was accused today of being behind the times and hence, a block in the path of reconversion.

The complaint was made in the eighth report of the house committee assigned to investigate whether federal agencies stay within their legal authority.

The group, headed by Rep. Smith (D-Va.), called for rewritten price controls, taking into account manufacturing costs.

Unless this is done, the report said, industry will not convert to low-price items now in scarcity.

The controls set up before V-J day now are outmoded, the committee said. It added that since then "no new standard" has been enunciated by the price administrator and "instead, every effort is being made to gear the productive force of the nation to the necessities of a war program."

The seven-member group recommended a new policy permitting prices to producers that "reflect current costs of production plus a normal prewar margin of profit," and a simplified system so that the new controls are interpreted uniformly throughout the country.

The committee said testimony by manufacturers and distributors showed that OPA's methods have resulted in reduced production and lowered opportunity for employment.

Airmen Tortured,
Burned Alive By
Japs At Hankow

BY RICHARD CUSHING

Hankow, China, Oct. 22 (AP)—The charred bones of three American airmen, at least one of whom was burned alive after falling into Japanese hands, have been recovered here.

This story of brutal torture by beating, showering with ice water and finally by fire came from information obtained by American intelligence officers and reliable local witnesses.

The men were survivors of a B-29 bomber from Chengtu which crashed 50 miles north of Hankow. Before being murdered, all were prodded for miles through the wintry streets of Hankow last Dec. 18 clad only in short underwear, and were beaten, kicked and reviled.

Identification of the hapless Americans probably never will be disclosed, lest it cause their relatives unbearable anguish. But it is known that two were officers and one was an enlisted man.

Witnesses said that one person, dressed as a civilian Chinese, but actually a Japanese, poked out one flier's eyes with a sharp stick.

"The men could hardly stagger," they were so bruised and beaten," said one witness, "but one of them—and I'll never forget him—smiled through it all, a broad, set smile that must have irritated his tormentors."

The men, more dead than alive, were then held in a schoolhouse until late at night, when they were taken to a suburban crematorium. There, according to evidence in American intelligence officers' hands, they were doused with gasoline and set ablaze. At least one was still alive when the torch was applied.

Big Jap Monopolies
Promise To Disband;
Press Is Suspicious

BY THE ASSOCIATED PRESS

Tokyo, Oct. 22 (AP)—Japan's family-operated industrial monopolies which built the machine of aggressive war promised today to go out of business, while Allied headquarters started kicking the medieval kinks out of the education system that long has nurtured the warlike spirit.

Simultaneously Prince Fumimaro Konoye, former premier who is taking an increasing share of Japan's political spotlight, contended that the emperor's highly-touted divinity never had been a legal concept. He conceded, however, that the current constitutional revision would shear Hirohito of some of his absolute powers.

The family monopolies, a system unique to Japan and known as the Zaibatsu, have agreed to liquidate, Finance Minister Viscount Keizo Shibusawa announced in a statement issued under the names of the finance and industry ministries.

WAGE RAISES

AUTO FIRM TRYING
TO RUN CONGRESS,
REUTHER SAYS

Detroit, Oct. 22 (AP)—Vice President Walter P. Reuther of the CIO's United Automobile Workers Union charged to Congress tonight that General Motors had "given notice of a sitdown strike" against a government wage raising policy.

Reuther sent a telegram to Sen. James E. Murray, chairman of the Senate education and labor committee, asking Murray to "bring immediately to the attention of the Senate" the position of General Motors in its current wage dispute with the union.

The union official asked that the Senate be informed that "President Charles E. Wilson, of General Motors, the largest corporation in the country, has formally given notice of a sitdown strike against the announced government policy of raising wage rates to maintain take-home pay wherever such increases do not require price increases."

BRITAIN'S LOAN
TO BE TRIMMEDEconomic Officials Seek
Amount Congress
Will Approve

BY JOHN M. HIGHTOWER

Washington, Oct. 22 (AP)—United States economic officials are reconsidering a proposed loan to Britain with a view to scaling it down to a size which Congress may be expected to approve without too great opposition.

At the moment, it was learned, Americans negotiating with British representatives here are considering a loan of between \$4,000,000,000 and \$5,000,000,000. Previously they had been talking in terms of \$5,000,000,000 but discovered this was not very popular with some congressmen since it would provide a margin of money that the British might never have to use.

The effort now is to cut the loan down to the amount for which Britons can show an unquestionable need.

Negotiations may be completed next week. They are lagging at the moment while the British await response from London to a detailed set of recommendations which their negotiators, Lord Halifax and Lord Keynes, submitted late last week.

FRENCH VOTING
LEANS TO LEFTElection Reveals Three
Powerful Parties To
Draft Constitution

BY JAMES M. LONG

Paris, Oct. 22 (AP)—Three powerful political parties, all distinctly to the left of center, emerged tonight from France's national elections as the dominant factors in the new constituent assembly which will carry out the voters' mandate to draft a new constitution.

Virtually complete returns showed the people not only had overwhelmingly approved General De Gaulle's plans to found a fourth republic, but had placed the task in the hands of the Socialists, the Communists and a new party born of the resistance—the Mouvement Republicain Populaire.

These three parties, all advocates of sweeping reforms in the 1875 constitution of the third republic, ran almost neck and neck in the elections. Together they won at least 425 seats out of the 586 which will make up the constituent assembly.

The Communists, although they kept abreast of the Socialists, lost their first test of strength against De Gaulle on his proposal for limiting the powers of the constituent assembly and creating an interim government. Despite Communist opposition, De Gaulle's recommendation won overwhelming approval.

Although De Gaulle himself was not a candidate for the assembly, there was no doubt that he emerged from yesterday's voting as the first national election in nine years and the first in which French women ever voted—stronger than ever.

NAVY TORPEDO WAS EFFECTIVE

Secret Weapon Destroyed Much Japanese Shipping

Washington — Another secret weapon used successfully against the enemy, the Mark 18 all-electric torpedo is credited with sinking over a million tons of Japanese shipping, some 300 ships, ranging in size from 500 ton cargo vessels to 42,500 ton battleships.

Announced by the Navy Department, the torpedo, its electric motor powered by specially designed storage batteries, spends just below the surface of the water leaving no tell-tale wake to warn the enemy in time to maneuver out of its path.

The boiling wake left by steam turbine driven torpedoes points a finger of bubbles to the approximate position of the submarine, and destroyers have but to charge back through the torpedo's course and drop depth charges in the area to sink the slow moving submarine. The slow moving submarine, if not destroyed by the depth charges, frequently suffer damage caused by the concussion of the exploding charge.

Designed specifically for under water firing, the Mark 18, less able to withstand the impact of striking the water in above-the-surface firing, is not used by PT boats, torpedo bombers or destroyers. Gyroscopically controlled, it is over 20 feet long, weighs about one and a half tons and contains some 2,000 parts.

Manufactured solely by Westinghouse Electric Corporation's plant at Sharon, Pennsylvania, its cost is approximately \$6,500, about two-thirds that of the corresponding steam torpedo for submarine use. The first attack by electric torpedo fired by a U. S. submarine was made in September, 1943.

NAVAL LOSSES 65,594

London, Oct. 22 (P)—Britain's wartime naval casualties totalled 65,594, of which 49,305 were killed, 14,656 were wounded and 1,593 are missing, A. V. Alexander, first lord of the admiralty, said today. The Royal Navy lost 730 ships, not including light coastal vessels or landing craft, he added.

PARTNER PLANTS SHARE BIG JOB

Decentralized Making of Farm Equipment Helps Small Industry

By Allen V. Wowling

Detroit, Oct. 22 — The nation's small industries and the nation's small cities could take encouragement today from a decentralization system for mass production born in this factory city.

It is a system whereby small industries become partners of big industries and the peril of costly competition — frequently ruinous for the little business — is entirely eliminated.

Decentralized mass production, as the technique is known, is typified in the Ford-Ferguson farm equipment organization, operated by Harry S. Ferguson, Inc.

The Ferguson organization is one of the country's top producers of farm equipment, including the Ford-Ferguson tractor. Yet it owns no factories, controls no assembly lines and owns no sales agencies.

Hundreds of private operators producing in their own plants, make up the giant enterprise under the Ferguson name. These "partners" are integrated in the Ferguson System without surrendering ownership or control to the master company.

The Ferguson organization counts 110 individual, home-owned industries as partners in the Ford-Ferguson farm equipment line. Roger M. Kyes, Ferguson president, expects that number to reach 500 in a year.

Ferguson provides top-grade engineers, mass-assembly techniques, and an assured distribution for all members of the system. The plan welds into a single farm equipment line all the resources of many small manufacturers.

In many cases these manufacturers have lacked markets, production skill engineering ingenuity to assure profitable operation.

Under the decentralization system worked out by Ferguson, the small factories simply produce elements of the Ferguson three way hitch farm equipment line. Their production is bought by contract and they are spared both the fret of producing a marketable item and the chore of obtaining markets.

Ferguson provides: low cost management methods; skilled engineering in design of the product; low-cost engineering on production, assured costless distribution, the master company.

Ferguson also is able to supply financial aid if needed, mass purchasing advantages and assembly-line production methods.

The interests of stockholders and managers of the small partners are nourished. Small "middle town" communities throughout the nation keep the benefits of busy factories and the home owned operation.

Kyes believes the plan makes for a wholesome American economy, free enterprise system and the small city society which are keys in the nation's character.

Mongolians Vote For Independence, Cut Tie With China

BY REMBERT JAMES

Moscow, Oct. 22 (P)—First returns from Saturday's plebiscite in the vast Mongolian People's Republic (Outer Mongolia) indicated today that its citizens had voted overwhelmingly to sever all ties with China and become an independent nation.

A Tass dispatch from Ulan Bator, the capital, said preliminary returns from 13 out of 18 administrative districts showed 381,243 affirmative votes for independence, and that in the city itself the vote was 24,633 for and none against.

The were 1,000 polling places in the country's 558,054 square miles of territory, and each voter was required to sign his ballot. The country has a population of approximately 840,000. Returns will be coming in for several days.

China has held only nominal control over the country for the past 25 years. She agreed to accept the plebiscite coincident with signing the recent Soviet-Chinese friendship pact.

Men Coming Home From Aleutians Die In Transport Crash

Anchorage, Alaska, Oct. 22 (P)—The army's Alaskan department announced today that 17 enlisted men from Aleutians bases and five officers were killed last night when a C-47 transport command plane crashed in a swamp 2½ miles southwest of Elmendorf Field.

The soldiers were en route home for re-deployment or discharge. The officers included the plane's pilot and co-pilot, attached to the 54th Troop Carrier Squadron. No general officers were aboard.

The plane left Cold Bay last evening on the final leg of a flight from Adak and approached Elmendorf Field for a landing shortly after 10 p. m. (Midnight PST.) It made a pass at the field, then circled for a new attempt to land, and field observers said apparently it was caught in the updraft of a Willwaw wind and scraped the tops of some cottonwood trees.

It hurtled nose-first into the swamp, and the front end of the plane exploded, rendering the bodies unrecognizable.

Mrs. Williamson Of Lathrop Dies

Mrs. Anna Williamson, 55, Lathrop, died Sunday at the Newberry hospital of pernicious anemia. She was the wife of David Williamson.

Mrs. Williamson was born in Sweden Oct. 25, 1889, and came to Lathrop 35 years ago. She was a member of the Swedish Lutheran church and the Independent Order of Foresters. The body will lie in state at the Allo funeral home 7 o'clock this evening, and funeral services will be held 2 o'clock Wednesday afternoon, with Rev. Ekstrom of Gladstone officiating. Burial will be in Lakeview cemetery.

Australia is a federation of six states.

SITDOWN SEEN TO BLOCK ALL WAGE RAISES

(Continued from Page One)

Board Wednesday.

Thomas said Wilson's 45-hour week proposal for the country would "add at least six million to the ten million who will face the bitter prospect of unemployment in 1946."

"Wilson's proposal," Thomas said, "is a formula for a quick return to staggering unemployment and economic chaos for the whole country."

General Motors recently rejected the UAW-CIO demand for a 30 per cent wage rate increase, describing it as "unreasonable" and adding that no increase in wages could be granted without a corresponding increase in car prices.

In making his 45-hour work week proposal Wilson emphasized that it was not advanced as a counter-proposal to the union wage demands. He added that he would favor it "during the readjustment period, say three to five years."

Reuther, in an earlier statement, had asserted that General Motors could pay the 30 per cent increase, cut at least \$100 from the price of Chevrolet automobiles and still earn for its stockholders at least \$100,000 more than the prewar 1936-39 average of \$180,000,000.

In the letter to hourly-rated employees General Motors stated that the workers would vote Wednesday not for a 30 per cent wage rate increase but "for or against a strike."

It urged the workers in the event of a strike to "respect the legal rights of others and under no circumstances" to cause or permit damage to "the plants and equipment with which you must earn your living when the strike finally ends."

BRADEN CONFIRMED

Washington, Oct. 22 (P)—The senate today confirmed President Truman's nomination of Spruille Braden as an assistant secretary of state, after more than a month's delay.

No Word Received At Soviet Embassy On Stalin Illness

London, Oct. 22 (P)—The Soviet embassy here, in answer to a question concerning reports that Generalissimo Stalin was gravely ill, replied tonight that "we have no information to that effect."

Earlier, Andrei Gromyko, Russian ambassador to the United States, said that he had "no information" to support such rumors.

Reports concerning Stalin's health have been heard frequently since the Potsdam conference and have increased since October 10 when Moscow announced he had gone on a vacation.

The Soviet embassy said that "during the last few days" the embassy's press attaché had not issued any statements "on any subject whatsoever." This statement was made in reply to a question concerning a published report that Stalin was in excellent health but was contemplating giving up some of his duties. The published statement was attributed to the embassy's press attaché.

SMITH ON STAMP

Washington, Oct. 22 (P)—A portrait of Alfred E. Smith will appear on a three cent postage stamp to be issued in honor of the onetime New York state governor who died last year, the post office department announced today. The stamp will be placed on sale November 26 at New York City.

The zenith is that part of the heavens directly overhead.

Rep. Hook May Run For U. S. Senator

Negaunee—Voters in the Twelfth Congressional district will have, according to political rumors here, more than passing interest in the outcome of the Detroit mayoralty election next month.

Rep. Frank E. Hook, Ironwood, according to reports in circulation here, is thinking seriously of seeking the Democratic nomination for U. S. senator, if Frankenstein, CIO candidate, is elected mayor of Detroit. If that happens, Hook and his supporters, it is reported, will consider the CIO sufficiently strong to put Wayne county in the Hook column by a wide margin, should he seek the senatorial toga.

ARM SHOT OFF

Saginaw, Oct. 22 (P)—Leslie Fordos, 18, son of Mr. and Mrs. Frank Fordos, of Merrill Rd. 2, lost his right arm Monday in a shotgun accident while combining hunting with work on his father's farm. Fordos was carrying a 12-gauge shotgun on a tractor, while working in a field, sheriff's officers said, and the gun fell, discharging as it hit the ground. The charge hit Fordos in the elbow. He was taken to St. Mary's hospital where the arm was amputated.

What Is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives.

That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved.

In his own case, he was brought back to splendid health. He acquired wealth, too, as well as world-wide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the

greatest mystic he ever encountered during his twenty-one years in the Far East. He wants everyone to experience the greater health and the Power, which there came to him.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address: The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. T-112, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free books have been printed.

PIONEER DIES AT MASONVILLE

Mrs. Anna Larson Succumbs At Age Of 84 Years

Mrs. Anna Larson, 84 year old pioneer Masonville settler, died at her home at 2:45 o'clock Monday morning following an illness of four months.

She was born in Helsingland, Sweden, Dec. 9, 1860, and came to Masonville 49 years ago. She had resided there continuously since her arrival from Sweden. Her husband passed away 23 years ago.

The body was prepared for burial at the Anderson funeral home and will be returned to the family home this afternoon, where it will lie in state until Thursday morning. The body will be removed to the First Baptist church in Gladstone at 11 a. m. Thursday and lie in state at the church until the hour of the service, 2 p. m. Thursday. Rev. Berger Swenson, of the Calvary Baptist church, Escanaba, will officiate and interment will be made in the Rapid River cemetery.

Mrs. Larson is survived by six sons and three daughters. They are Louis, Peter, Axel and Ted, all at home; Albert, Rapid River; Andrew, Little Lake; Mrs. William Oak, Gladstone; Mrs. Charles Hammond, Chicago, and Miss Margaret Larson, at home. Sixteen grandchildren and 13 great-grandchildren also survive.

U. P. SCOUT LEADERS HONORED — Five leaders in the Upper Peninsula Boy Scout program were honored for outstanding service to Boydom when they were given the Silver Beaver award at the Hiawathaland council meeting in Marquette Sunday. Left to right above are the five

award recipients: G. H. Rabenberg, Iron Mountain; G. Ivan Millenbach, Chassell; Clarence Zerbel, Escanaba, receiving the medal from Paul S. Bondi, Sault Ste. Marie, (back to camera); John J. Zabelka, Sault Ste. Marie; and Stanley W. Sundeen, Ishpeming. (Harry J. Gruber Photo.)

Zerbel Is Honored For Service To Boy Scouts

Clarence Zerbel of Escanaba was one of five Upper Peninsula leaders in the Scouting movement to be honored by the award of the Silver Beaver at the annual meeting of Hiawathaland council, Boy Scouts of America, in Marquette on Sunday.

This award is made for outstanding service to boyhood within a local council territory. It is made only after a National Scout committee has reviewed the nominations of the local council. Others honored were: John J. Zabelka, Sault Ste. Marie; G. Ivan Millenbach, Chassell; Stanley W. Sundeen, Ishpeming; and G. H. Rabenberg, Iron Mountain.

Among the facts submitted on the nominations of those related to the nominee's service to boys through Scouting in church work or in any community youth activities. Also, participation in any civic, church, fraternal or social activities are taken into consideration in making the award.

Zerbel's Record

The citation on behalf of Mr. Zerbel included:
1. Record of Service in the Boy Scouts of America with dates and offices held.
Scout, Troop 1, Marquette, November 1913 to September 1915.
Troop Committee, Troop 57, Escanaba, April 1933 to April 1934.
District Commissioner, Escanaba, December 1935 to December 1936.
Committee Member, Escanaba, September 1937 to December 1937.
Scoutmaster, Troop 57, Escanaba, December 1937 to Dec. 1940.
Assistant Cubmaster, April 1941 to 1942.
Pack Committeeman, Packs 11

and 12, April 1939 to present.
Scoutmaster, Troop 57, Escanaba, Dec. 1942 to Dec. 1944, when number was changed to 44.
Scoutmaster, Troop 44, Escanaba, December 1944 to present.
Council Commissioner, July 1944 to present.
Camp Director, Council Camp.

to boyhood which has led the executive board to make nominations: Devoted life to teaching. Eleven years of service in Scouting, nine of which have been as leader.

Is teacher of a Sunday School class. Has given up several summers to serve as camp director of council camp.

During interim, when there was no Scout executive in the Red

NELSON RE-ELECTED

Carl Nelson, Escanaba banker, was re-elected president of the Hiawatha Council of Boy Scouts of America at the meeting in Marquette yesterday.

Buck council, he kept office procedures going as council commissioner.

3. Record of standing in the community with offices and positions held outside the Boy Scouts of America, including business and professional affiliations: Principal, Junior High School, Escanaba.

Served a term as Lt. Governor, Kiwanis Club district. Is secretary and treasurer of his Kiwanis club.

Active member, Presbyterian church, and teacher in its church school.

Has been an active participant in Community Chest and War Fund campaigns in his city and county.

BOWLER BOWS OUT

London, (P) — The bowler hat is going out of fashion here. The Anthony Eden black felt is unchallenged as headwear for the city worker. The bowler retains its popularity only in Manchester and Birmingham.

Report \$70 Theft From Gas Station

Escanaba police yesterday reported that William Hansen, operator of Hansen & Jensen service station at 23rd street and Ludington, had advised police that \$70 had been stolen from the safe in the station about 5:30 o'clock Saturday night.

Police said Hansen told them about \$50 in change and one \$20 bill was missing; and that two young men had been in the station alone for a short time about 5:30 o'clock. The theft was discovered and reported to police at 9:20 p. m.

Kenneth Lequa of 417 South Twelfth street reported to police that a 20 gauge shotgun and a box of shells were taken from his car Sunday night where it was parked in the 100 block, North Eighth street. The theft occurred sometime between 6:45 and 9 p. m.

William Ranguette notified police that a spare wheel and tire were stolen from his car early Sunday morning.

U. P. Briefs

REJOINS POLICE FORCE
Menominee—Council reinstated Gordon J. LeBoeuf as a city policeman. He left the force on February 7, 1941 to enter the armed forces. LeBoeuf served with the Army's military police in the European theater. He was granted a leave of absence when he left for service in 1941 and will return to his city job on November 1.

Ku Kluxers Revive

THE Ku Klux Klan apparently has come to life again in the South. Burning of huge cross on Stone Mountain in Georgia is accepted as a signal that the hooded organization intends to be another of the nation's postwar problems.

The Ku Klux Klan rose to considerable power in the Reconstruction era after the Civil war when the whites of the South wanted to hold the emancipated Negroes in check. Because of the abuses committed by Klansmen, the government ordered the disbanding of the organization in 1871.

In 1916, the Ku Klux Klan was reorganized at Atlanta, Ga., and gained a large membership within a few years after World War I. Its growth was not confined to the South, however, for branches were organized in many communities in the Middle West, coming as far north as Northwestern Wisconsin. For some reason or other, the Klan did not thrive in the Upper Peninsula climate.

Because of its trafficking in religious and racial prejudices, the Ku Klux Klan stirred up much controversy in our national life during the 20's. Eventually, however, the organization became torn by dissension within its ranks. It was a good money-making racket and the klieg lights quarreled over the division of the spoils. Some of the knights revealed that they were no Sir Galahads themselves, as far as respect for womanhood was concerned. In the end, many members who kicked in \$25 or so for the white hood and membership cards realized they had been played for suckers, and quit paying their dues.

With cessation of World War II another wave of racial intolerance is rearing its head. Revival of the Ku Klux Klan will only fan those deep-seated hatreds and prejudices. We are apparently still a long ways from being civilized.

Universal Training

PRESIDENT TRUMAN is expected to dump the compulsory military training problem directly into the laps of congress in a special message today, with prospects of an exceptionally heated fight on the issue.

Before the atomic bomb established an altogether new pattern for wars of the future, universal military training was generally accepted by the American public as a postwar "must" as the best means of keeping the United States strong defensively and prepared for any eventuality. The atomic bomb showed, however, how whole armies, well trained and equipped, could be wiped out without a chance to put their military training into use.

World War II was won by the foot soldier, ably supported by air and naval power, but the next war—God forbid it—may be strictly a war of science—atomic bombs, lethal rays, unmanned rockets guided to targets by radionics and a myriad of other scientific instruments still in the Jules Verne stage of development.

On the issue of strong national defense, the American people are well united. The disagreement—and it shapes up as a wide disagreement—is developing over the best means of accomplishing a strong national defense.

There is little doubt that the support for compulsory military training has dwindled considerably with the advent of the atomic bomb and postwar disclosures of scientific marvels of destruction.

Another White Elephant

ADDED to the list of wartime white elephants the famous Stilwell road, built across Burma at a cost of \$37,000,000 and which will be declared surplus property after Nov. 1.

The Stilwell road joins an impressive list. There was the Alaskan highway constructed at heavy cost to maintain communications with our far north outpost at a time when it was feared the Japs would completely tie up our shipping along the Pacific coast. Then, there was the Pan-American highway undertaken to enable us to supply the Panama canal zone in the event the Nazis seized South America and wrested control of the Atlantic. Even Escanaba was a part of the government's investment of millions of dollars for insurance, for here we had the Escanaba ore dock project designed to furnish an alternate route for shipping the vital Mesabi iron ore should the enemy be successful in destroying the Sault locks.

When a nation is engaged in war every risk must be minimized. Money means nothing when a nation's security is at stake. Maintenance of the freedom we have enjoyed for more than one and half centuries in America was of paramount importance, no matter the cost.

Wars are costly and destructive. We should be willing to spend no small amount of money and energy to insure the peace, for it would be the greater economy in the long run.

Cherchez La Femme

DETECTIVES in the French mystery stories always followed the rule of looking for the woman in their efforts to solve puzzling crimes. The axiom may

World Events Analyzed

BY MARQUIS CHILDS

Washington—In taking apart the war machine assembled by America, there were bound to be inequities. Human beings get caught in the vast gears of a system necessarily framed for the greatest good of the greatest number.

One group, however, seems to have suffered unnecessary discrimination. These are the men on limited service because of some physical handicap that was not sufficient to keep them out of uniform. A number of letters from men in this group tell pretty much the same story.

They were barred, because of their physical handicap, from going overseas even though many repeatedly requested overseas duty. Therefore while some have three years or more of duty, they are a long way from enough points to be released.

—SOME ARE "INDISPENSABLE"—

Still others in this category have made themselves essential in their military jobs. Often they are older men, more mature and more conscientious.

Because they do a thorough job at some technical or clerical assignment, they are judged indispensable. Consequently their chance for a discharge seems infinitely far off.

Besides the natural resentment they feel at seeing men discharged who have had far less service in point of time, they are concerned about the competitive scramble for a job with so many able-bodied veterans ahead of them in the job line. This worry is greater for men who are over 30. They are fearful they will never again be able to fit into our highly competitive system.

Some sort of special provision for these men should be possible without upsetting the machinery created to get millions of citizen-soldiers back into civilian life. On points, they are at a grave disadvantage. Having gone thorough and conscientious service in what were often boring and monotonous assignments, they should not be further penalized for a disability which was no fault of their own.

On men with scientific education and students whose careers in science were interrupted, there is still no fixed demobilization policy. The army, realizing how serious is the deficit in our science caused by the war, is trying to work out a plan which will get them back into the laboratory and the classroom. Vannevar Bush, head of the Office of Scientific Research and Development, reported recently that we were short 100,000 trained men because, unlike every other country in the world, we had not made special allowance for continuing our scientific and technical education.

—NAVY IS LAGGARD—

The navy has done nothing. Thousands of young men with advanced training or with special aptitudes for science are going through the motions of schooling in techniques for which they will never have the slightest use. They are wasting their time when they could be preparing for careers in science that would serve the nation.

The most complete blind spot, however, exists—as it has throughout the war—at selective service. They are going right on drafting men out of science; young men urgently needed if we are to continue to hold our pre-eminent place in scientific advancement.

This persistent stupidity of selective service raises a major question about the capacity of the military, as it is constituted today, to direct a system of universal military service with its far-reaching effect on our national life. It is a question that has not a little to do with present doubts on Capitol Hill.

A recent letter cites the case of a young man of 20 drafted as he was about to get his degree as a chemical engineer. He asked for an extension of eight weeks to finish a research thesis that might have thrown light on a problem troubling industry. Even though this request was backed by an urgent plea from the head of the school, it was turned down.

It is, of course, very easy to put all the blame on military men. We ourselves, by the urgency of our demands to "bring the boys home," have helped to create the political pressure which makes any deviation from ironclad rules difficult or impossible.

nostrum has a delightfully "cooling" (cooling) effect as an after-shave lotion. Another urges us to ask for his product by name, and to dyoo it syoon. And Blondie always says to Dagwood, "Why, I dyoo tyoo."

And there is the intrusive and grossly incorrect "u" sound in such words as schedule, "SKEH-joo-ull", momentous "mo-MEN-choo-uss", similar "SIM-yoo-ler", substantial "sub-STAN-choo-ull", percolator "PER-kyoo-lay-ter".

How all this inaccuracy has come about is not clear. But one thing is certain: mistakes in pronunciation are as catching as the measles—and a good deal harder to get rid of.

The long "u" in the proper words adds distinction to one's speech, as "nyooz" for news, "tyoon" for tune, "avenyoo" for avenue, etc. But the "yoo" sound should never be heard in these words: blue, brew, chew, include, June, fluent, fruit, glue, grieve, shrew, threw, true. Pronounce them with the "oo" sound of "mood, woo."

As to words spelled with double-o, such as noon, afternoon, too, cool, soon, trying tyoo pronounce them with a "yoo" sound is a very foolish thing to dyoo, and I dyoo mean "yoo."

And about all I can say about the lady broadcaster's chicken "syoop" is, "Whyoops, my dear!"

Other Editorial Comments

ALL THE WAY (Iron Mountain News)

Congressman Hook is going all the way with CIO. He is quoted this week as supporting the view that take home pay should be as large in peace as it was in war. It follows that he supports the demand of workers in the automobile industry for a 30 per cent increase.

His attitude will be approved by members of CIO and other workers who seek the projection of wartime pay into peace. How it will impress the large number of voters, men and women, who did not share fully in the benefits of war time pay, and who will be hit in the midriff by having to pay higher prices if war time pay for the closely organized workers is projected into peace, is another question. If the one group of voters will wax enthusiastically over Mr. Hook, the affections of many in the latter group who have been among his supporters will likely be cooled.

For Mr. Hook it is to be said that he is making no attempt to play both ends against the middle. His alignment is clear and unmistakable. As he is hopeful that the political weight of CIO in his district will be as great in 1946 as it was in 1944, and that unqualified acceptance of its views will not alienate too many voters whose support he had in 1944.

There is considerable opinion that, while 30 per cent increases in pay will not be obtained, when the smoke clears away labor disputes now centering around the demand for it will be compromised on something like a 50-50 basis. With it is associated opinion that the OPA price levels will not hold, that manufacturers will be permitted to hand on in increased prices the amounts of the increase in the labor cost of their products. The result probably would be mildly inflationary. There would be more money to spend, but prices would be somewhat higher.

In the latter connection it is pointed out that the area of present dispute is largely the one of heavy durable goods. They may cost more, but the prices of day to day necessities of life, food and clothing will not be directly affected. What will happen in regard to them is another story.

ST. LAWRENCE SEAWAY (Milwaukee Journal)

The St. Lawrence seaway and power project should be the backbone of whatever public works program the United States congress considers necessary.

As Julius H. Barnes of Duluth, president of the National St. Lawrence association, recently said, the proposed waterway will "cement world peace through new opportunities for foreign trade."

It will do more. It will provide much additional and cheap power for New York state and parts of Canada. It will open the way between the great manufacturing and agricultural areas of the middle west and the markets—for both exports and imports—of practically all areas of the world that do not use direct Pacific transit.

Additionally, the Great Lakes, with an adequate outlet to the Atlantic coast, could become an added facility for defense of this nation and of Canada, in a world that is yet disturbed and in which universal peace is not yet assured.

Mr. Barnes believes that opposition is dwindling, support is growing, and that, with President Truman's recent insistence, the seaway at last will be gotten under way by the congress.

If so, it indeed will, or should, become the major project of the national public works program. It is a big undertaking. It will provide jobs and opportunities for common and skilled laborers, planners, engineers, administrators and others.

It will not be a mere regional project. If the harbors of the Great Lakes become world harbors, the movement of goods to them will provide new volumes of freight for the railroads, to offset possible losses when present long hauls to Atlantic tide-water are curtailed.

Congress indeed should see that the St. Lawrence project at last is under way. Its construction has become a "must."

Take My Word For It

Frank Colby

I DO MEAN "YOO"

A new pronouncing madness is sweeping the airways—that of sounding a long "u" (yoo) in words in which it should never be heard. "Afternyoon" is bad enough, and is inexcusable in any event. But now comes a woman food expert to broadcast about the superiorities of the sponsor's particular brand of "syoop." (Yes, that's what she said for "soup." Oh, my sacred aunt!)

An announcer assures us that a certain

Good Morning!

By The Bugler

FORD RIVER DAYS—To those unfamiliar with the history of Delta county, Ford River Mill is a peaceful little resort community—and many wonder why the

"Mill" ever became a part of the place name. Joseph Russell of 223 Stephenson avenue, could tell them all about that. He is 81 years old, still actively employed at the Birds Eye Veneer company plant where he has worked for the past 23 years—and lived at Ford River from 1886 to 1899.

Russell looks hale and hearty and he enjoys recalling the "old days" at Ford River. Stopping in at the Press office the other day he left some notes on his recollections of "Happy Days in Ford River 55 Years Ago."

MR. RUSSELL WRITES

"There was a general store, post office, boarding house, livery barn, harness shop, blacksmith shop, carpenter shop, barber shop, butcher shop, a school, dance hall, and a small church.

"There were only two houses between Ford River and Escanaba. They were the Fred Wisert house at Breezy Point and the Crawford house at Portage Creek. There was a sand road to Escanaba and the company ran a stage to Escanaba daily. Joe Russell, Phil Ballard and Hattie Harris drove fast horses.

"T. V. Ward was superintendent. Ole Nelson walking boss, Bill Turner woods superintendent, Phil Ballard postmaster, Alex Campbell and Gus Nelson, Wallace Gardner, John Launderville, were clerks. Joe Mueller was the stage driver. Tom Gardner was barn boss, John Hall was barber, and the blacksmith was John Bergeon. John Jule and John Johnson were the watchmen."

LUMBER TO CHICAGO

"There were three mills, the Big Pine Mill, the Little Pine Mill and the Cedar Mill. John McGuire was mill boss. John Swanson was engineer and Peter Launderville second engineer. John Micks was band sawyer, William Todd was the carriage setter and William Layake was edgerman.

"There were nine lumber docks at Ford River, and three lumber vessels—the Ford River, the Resumption and the Bertha Corkins. There was also the Ford River tug. These vessels transported the lumber between Ford River and Chicago."

THE WAGES

"Pay day was once a month on the 10th. Wages—\$1.75 per day in gold."

COST OF LIVING—"Mill wood slabs sold at 50 cents per dump cart load. Flour was \$1.75 to \$2.50 a hundred pounds. Butter was 10 cents, eggs 8 cents, cheese 10 cents, sugar 3 1/2 cents, coffee 10 to 18 cents, pork steak or roast 9 cents, beef steak 9 cents, boiling beef or pork 5 cents. Soup bowls were 17.5 cents. Calico 3 1/2 cents per yard, bleached cotton 3 1/2 cents per yard."

OLD TIMERS—So ends Mr. Russell's jotted recollections, except for a list of "old timers" still living at Ford River. He gives the list as follows:

Mrs. H. Wellman, August Nelson, Mr. and Mrs. Carl Sheeren

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—With enlisted men trying to get aboard planes to enjoy brief furloughs at home, the navy is permitting the brass hats to use planes for all sorts of pleasure purposes.

"Most interesting recent joy-ride, however, occurred out of Banana River, Fla., with Capt. W. J. Slattery as the chief joy-rider. Captain Slattery, an Annapolis graduate, recently suppressed the post newspaper "Banana Peelings" because it carried a public opinion column quoting men and reserve officers as to why didn't want to stay in the navy. Perhaps if Slattery was more men would follow his advice to remain in the navy.

Last month, Captain Slattery issued an order against Ron's or "remaining overnight" flights. Men and officers, he decreed, who left the base on flights, must return to the base that same day. This, however, did not apply to him.

For on Sept. 25, Rear Adm. Ralph Davidson, top commander for the Florida area, flew from Jacksonville to Banana River, where he and Captain Slattery, plus Lieut. Comdr. George Wasey, former executive officer at Banana River, piled into a navy PBM and flew to Cat Cay.

Cat Cay is a British island, featuring a ritzy winter colony of Americans, largely built up by Commander Wasey's father. The plane, BUNO 01670, carried two pilots, Lieut. Robert G. Courter and Lieut. Clink Scales, plus a crew of six. It required 3.8 hours of flight time, burned 575 gallons of high-octane and carried in addition to the three brass-hat passengers, fishing tackle, and seven quarts of whiskey. (Pilots previously had been warned against carrying liquor in planes.)

—ADMIRALS' CLAM BAKE—

While the plane was in the air, Captain Slattery hit the ceiling because Lieutenant Courter didn't have any charts along and because some of the life-jackets were dirty. Courter knew the islands backward and forward, but the Captain demanded that he fly back to Banana River, returning later with charts, new life-jackets, plus a non-flying commissioned officer navigator.

On Sept. 26, Lieut. H. K. Sowles, personal aide to Captain Slattery, took off in a brand new plane, BUNO 59212, plus two pilots, Lieut. Donald N. Armstrong and Ensign Royal E. Livingston, and a special navigator, Ensign Louis J. Hayes Jr., plus a crew of six. They burnt 500 more gallons of high-octane, kept another emergency plane warming up, and tied up several ramps waiting for the junketing plane to return.

But Admiral Davidson and Captain Slattery had a marvelous time.

This, however, was only the beginning. The Annapolis boys next got busy arranging for a big week-end at Cat Cay. Ron's or "remaining overnight" flights were still forbidden by the Captain, but on Oct. 11 he sent Lieut. William Terrill, who is in charge of the Banana River Officers' club on a flight to Cat Cay to prepare for a big party. Terrill flew in a special PBM, taking Lieutenant Courter as pilot.

—RESCUING THE COOK—

Upon arriving at the exclusive winter colony, he was met by Mrs. Wasey, aunt of Commander Wasey. Mrs. Wasey, who was to be hostess for the house-party, was wringing her hands. Her cook was sick—hernia trouble—and without a cook, she couldn't have a party.

This was a terrific blow to Captain Slattery. He was planning to entertain not only his chief, Admiral Davidson, but Admirals Mitscher, "Jocko" Clark, Charles Pownell and Felix Stump. Quite a clam-bake!

When Lieutenant Terrill flew back to Banana River and broke the news to Captain Slattery, the good Captain was so heartbroken that he sent Terrill on a special flight to Jacksonville, 160 miles away, to tell Admiral Davidson all about it. The report to Davidson lasted just two minutes. Why he couldn't have telephoned, only Captain Slattery knows.

Undaunted, the Captain next day sent another special plane, along with his personal aide, Lieutenant Sowles, to Cat Cay, to pick up the cook, who was flown direct to the Coast Guard base at Miami, despite the fact that the base had been closed down to transient planes. From there the cook was taken to a Miami hospital.

Wary Lieutenant Sowles then returned to Banana River.

Despite these heroic efforts, however, the party had to be called off. With no cook, the Admirals missed the "clam-bake." Meanwhile junior officers and enlisted men still have trouble getting home by airplane or furlough.

—MADAME CHIANG DENIES—

Newsmen in Chungking were summoned to a press conference the other day following the return home of Madame Chiang Kai-shek. Held to deny reports that the Generalissimo had taken a 16-year-old as his concubine, the conference was even more strange than some of the other press operations staged in Chungking.

The Generalissimo himself opened the conference by flatly denying the concubine rumor. Then he called up his wife.

"I can say that if the Generalissimo had done such a thing," announced Madame Chiang Kai-shek, "I would call him a dirty dog."

"Conference dismissed."

One of two large theaters in Yokohama to survive the bombings has been opened by the U. S. 8th Army. It likely was closed some time back because the Japs didn't have a show.

In the spirit of wishful thinking, we suggest to the leading historians who are discussing a name for the war just ended, "The Last War."

All set-asides on dry beans for the Army have been suspended. Watch them come home now and get porky.

Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and send (IMPORTANT) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to ESCANABA DAILY PRESS SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

G. I.—VETERANS SERVICE

Q. What is the special discharge plan supplemental to that prescribed for the Army generally, for Veterinary Corps officers?

A. They will be eligible for discharge as surplus if they have a point score of 80 or more, or if they are 42 years of age or over, or if they joined the Army prior to Jan. 1, 1941.

Q. Are men over 35 years of age eligible for discharge if they have insufficient points?

A. War Department Circular 269 is the official authority for the release of enlisted personnel who are 35 years of age or over, provided they have at least two years' honorable service.

Q. Must bond allotments be terminated before departure of enlisted men from the separation centers?

A. The War Department has ordered that class B (bond) allotments of individuals to be separated shall be cancelled immediately prior to their departure from the separation center.

OF GENERAL INTEREST

Q. Why did the late President Roosevelt change the date of Thanksgiving?

A. It was done to give merchants a longer span between that holiday and Christmas. However, in December, 1941, Congress passed a law setting the fourth Thursday as official Thanksgiving, but individual States could name either the fourth or fifth Thursday.

Q. Will the sugar ration per individual be increased this year?

A. The current ration of five pounds of sugar per person is expected to continue for the rest of 1945. The Office of Price Administration has described sugar supplies as unlikely to provide any increased allowances of sugar this year.

Q. How much nylon yarn does it require to make a dozen pair of Nylons?

A. About 1 1/4 pounds.

Q. I planted some tulips this month. When can I expect them to bloom?

A. In April or early May.

Q. Do you know of an Expectant Mothers' Club?

A. The Better Babies' Bureau, Woman's Home Companion, 25 Park Avenue, New York, N. Y. offers nine monthly letters, practical pamphlets and a book list. Membership fee is 75 cents. Applicants should state the month when the baby is expected.

MEANINGS OF NAMES

FIRST NAMES—a 24 page booklet which is a dictionary of 1200 masculine and feminine first names, their origins and meanings, and a four-page bulletin about INDIAN NAMES and their meanings, now available. To get both copies, send this clipping with 10 cents to cover postage and handling costs, and your name and address clearly written, to the Escanaba Daily Press, Washington Service Bureau, 1217 — 13th St., Washington 5, D. C.

Personal News

Mr. and Mrs. Thaxter Shaw returned Saturday from a week's vacation trip to Chicago.

Mr. and Mrs. Harland Yelland and Mrs. Thaxter Shaw spent Monday in Menominee.

Mrs. Romeo Beauchamp of 805 Ludington street left Sunday morning from Gladstone by train to attend the funeral of her aunt, Mrs. Brunett, at Mt. Roland, Quebec, Can., near Montreal.

Mr. and Mrs. Leslie Olson, 815 Fifth Avenue south, accompanied by their daughter Lenore left Sunday for Ann Arbor where Lenore will enter the university.

J. H. Ivens is spending this week at the Upper Peninsula Potato Show in Menominee and transacting business in Green Bay and Milwaukee.

Leo Coan, 615 South Eighth street, has gone to Pontiac to visit with friends for a few days.

Richard Van De Wehe, son of Mr. and Mrs. Charles Van De Wehe of Bay View, who is attending Michigan College of Mining and Technology at Houghton has been initiated into the Beta chapter of Theta Tau fraternity. It is an engineering fraternity, founded in 1904 at the University of Minnesota.

Victor A. Fredd and Emil Desvureau, representatives of the auditor general's department, are in Escanaba for a regular examination of county books and records.

Rosemary B. Roberge, daughter of Mr. and Mrs. William Roberge of 900 Second Avenue south, has been promoted from the rank of seaman first class in the WAVES to petty officer third class. As a radio technician she was recently transferred from Trenton, N. J., to Jacksonville, Fla., where she is employed at the naval air station. She has been in the WAVES for the past 16 months.

J. G. Wells, superintendent of the experimental station at Chatham, was in Escanaba yesterday on business. In the afternoon Wells and E. A. Wenner, county agricultural agent, left for Menominee to assist in preparing for the U. P. Potato Show which opens today.

Mrs. W. D. McClellan and daughter, Sandra Lee, of Chippewa Falls, Wis., are visiting at the Parker-Croze home, 206 North 18th street.

Mrs. Francis Boyce and two children, Mary Sue and Judith Ann, have returned from a week's visit in Pittsburgh, Pa.

Mary Margaret Walsh, daughter of Dr. and Mrs. J. J. Walsh of Escanaba, spent the past week in Chicago before leaving for Ann Arbor, where she will attend the University of Michigan.

John Anguill, district conservation supervisor, Paul Chalancin, assistant district supervisor, and Conservation Officer L. C. Brown attended the meeting of Upper Michigan sportsmen at Kingsford.

Jerri LaBelle, Bette Hart, Joyce Gannon, Larry Valerick, Lloyd Rachel and Delwin Sloan visited friends in Marinette Sunday.

Pvt. Jack Danielson, who has been visiting with his parents, Mr. and Mrs. L. A. Danielson, 202 South Third street, for the past 26 days, has left for Camp Butler, N. C. Pvt. Danielson recently returned from the European theater of operations.

Lt. Jean Rademacher has left for Camp Grant after spending a month's furlough with her parents, Mr. and Mrs. Paul Rademacher, 709 Third Avenue south. Lt. Rademacher has served in the European theater for one and a half years.

Miss Sally Stack has returned from Green Bay where she spent the weekend visiting her parents, Mr. and Mrs. Henry Stack. Mr. Stack is receiving treatment at a hospital there.

Pfc. Russell Lee and brother, Warren, have returned from Rochester, Minn., where for the past two weeks Warren has been receiving treatment at the Mayo clinic for an infection.

Robert Tolan has received his discharge from the U. S. Coast Guard and is residing with his

FATHER IN PHILIPPINES—Sgt. James Hughes, husband of Mrs. James Hughes of 904 South 15th street, and father of James Jr., is now in Palawan, P. I., and has never seen his four-month-old son. He has been overseas since January, and has been in service for three years. Mrs. Hughes is the former Margaret Clause, daughter of Mr. and Mrs. R. H. Clause of Groos, and Sgt. Hughes is the son of Dr. and Mrs. A. J. Hughes of Gladstone Rt. 1.

parents, Mr. and Mrs. Charles Tolan, 220 South Eleventh street. Sgt. Bob Kelly has returned from the South Pacific and is visiting with his wife and daughter. Mrs. Kelly is the former Rita Schmitt, 810 Sheridan Road. Sgt. Kelly has been overseas for 28 months.

Mrs. Elmer Nelson of Bark River, who has been visiting at her home, has left for Sparta, Wis., where she is employed.

Mrs. William Springer and son, Frank Fleming, have gone to Green Bay where Mrs. Springer will go through the clinic. They are both from Manistique and have been visiting at the home of Kathryn Fleming.

Mrs. W. G. Zimmerman of Kenosha has been visiting her husband, who is employed at the Venus Garment company. She left Monday morning for her home.

The Zimmermans will make their home here shortly.

Mrs. George Swanson of Wells spent Monday in Powers visiting her niece, Mrs. Wilfred Gondee. Miss Margaret Nelson, 1510 South 15th street, left Monday for an indefinite visit with friends in Chicago.

Mr. and Mrs. A. S. Miller of Boston, Mass., who have been visiting in Escanaba with the Van Cleve family, Mrs. Miller's brother, for the weekend, left for their home Monday morning. They also visited in Nahma.

Genevieve Chouinard and Ruth Skoog, both of Milwaukee, who have been visiting at the St. Ann rectory, left yesterday morning.

Mrs. Thomas Dowling is visiting her husband, Chief Yeoman Tom Dowling, who is stationed at Great Lakes. She is there on an indefinite visit.

Miss Joyce St. Martin left for

Parties
Garden, Mich.—Members of the Pinocchio club were entertained by Mrs. Ossie Hazen at her cabin Wednesday evening when she served a chicken dinner at 7 o'clock. Cards were played later and prizes were awarded to Mrs. Herbert Foote for first place, to Mrs. John Rasmussen for second place and double pinocchio and to Mrs. Robert Lester for consolation.

Mrs. Roland Boudreau entertained a few friends at her home Thursday evening when pinocchio was the diversion. Prizes went to Mrs. George Farley, Mrs. Ulysses Maynard and Mrs. Edward Jocke. Other guests were Mrs. Edward Lamotte, Mrs. Walter Stellwagen and Mrs. Charles Winter. Refreshments were served after play.

Mrs. Stanley Joke was honored at a housewarming party Friday by several friends who spent the evening knitting after which a delicious lunch was served. Mrs. Joke received a nice gift.

Meeting
Mothers were called to a meeting at the kindergarten school Thursday afternoon to arrange for a party to provide funds to purchase linoleum for the floor of the schoolroom.

Accident
Gary, nine year old son of Mr. and Mrs. John Guertin was struck by a truck Wednesday night about 7:30 as he pushed his bicycle up the Church Hill on his return from an errand into town. Though stunned by the blow he walked to his home on regaining consciousness and was taken to the St. Francis hospital where he was treated for shock.

Briefs
Miss Mary Lafave of Escanaba, who recently received an honorable discharge from the WAVES, was an overnight guest of Miss Mildred Purlitt Wednesday and dinner guest of Mrs. Edward Joke Wednesday evening.

Mrs. Harry Hennessey of Manistique visited relatives here Tuesday night.

Mrs. Fred Olmsted, Mrs. William Winter and Mrs. Herbert Sill of Van's Harbor attended a shower party for Miss Patricia Groll of Fairport Tuesday evening.

Mr. and Mrs. Harry Lamkey of Milwaukee arrived here Tuesday

DAILY PRESS BLDG.
111 Cedar Street

Press Office Is Burglarized Early Sunday Morning

The Press office, at 111 South Cedar street, was burglarized some time during the early hours of Sunday morning and a rosary, found by a schoolgirl and left at the office, was the only loot taken, although the prowler apparently sought loot elsewhere in the room.

The thief gained entrance by smashing a small pane of glass in the front door panel and reaching in and turning the knob on the Yale lock. A small rock had smashed the glass and the large pieces of broken glass and thrown on the sidewalk.

The rosary had been placed in the window on a slip of paper on which was written "Is this rosary yours?" It was a black beads and black cross, with a white figure on the cross. The black purse bag that held it was left behind. No one as yet has come to claim ownership of it.

It is presumed that the prowler entered with the intention of getting the day's receipts, as the drawers of the desk, where the cash is kept during the daytime, were rifled. The receipts, however, were safely out of harm's way.

Police are working on the case.

MARTIN WRITES FROM TOKYO

Saw Tojo Enter Prison Formerly Used For Americans

A Manistique lad was recently privileged to witness a sight many an American would be willing to pay considerable to view—Admiral Tojo on his way to incarceration in one of his own prisons.

Sgt. Herbert C. Martin is stationed in Tokyo and his assignment is with a unit in charge of the Omori prison, where many American prisoners of war were held before V-J day, but which is now used as a prison for Japanese war prisoners—among them many high officials who will shortly be tried for war crimes.

In a letter to his wife, received by her a few days ago, he says, in part:

"I have been all over Tokyo and

Yokohama today. Our battalion is moving north of Tokyo and have been locating the quartermaster warehouses in order to draw food for the boys. I got an opportunity to see some of the country places where the farming section is. There wasn't a sign of any bombing and I saw some beautiful vegetable gardens. Also managed to get all kinds of souvenirs which I will send home some day soon.

"I had the honor today, if you wish to call it that, to see the plane that carried the Japs to sign the peace treaty. Also saw the escort.

"There has been plenty of excitement around here. We got 24 prisoners today, and Tojo was among them. Included also was the admiral who helped plan the Pearl Harbor sneak attack and the general who originated the Bataan Death March. I was on guard one day while they ate chow and Tojo passed within 3 feet of me. He is a very thin and sickly looking man. When he was first put in the prison, he put up quite a fuss about eating rice instead of American food. Guess he was treated too royally in the American hospital. Here he has to live on rice, fish and whatever other items make up the Jap diet. He can't eat with chop sticks, so they have to give him a spoon."

Briefly Told

Presbyterian Women's Society—The Presbyterian Women's society will meet Wednesday afternoon in the church parlors. The social education committee with Mrs. Lotie Woodford as chairman, will be in charge. Hostesses will be Mrs. Charles Hancock and H. K. Peterson. A large attendance is desired.

P. N. G. Club—A regular meeting of the Past Noble Grands club will be held Thursday evening at the home of Mrs. Leonard Richards, 630 Garden avenue. Mrs. Vilas Young will be the assisting hostess. All members are urged to attend.

Woman's Missionary Society—The Woman's Missionary society of the Zion Lutheran church will meet Wednesday evening in the church parlors. Hostesses will be Miss Mable Carlson, Miss Margaret Johnson and Mrs. Walter Holm. The devotional program will be in charge of Mrs. John Larson. Mrs. Harry Ahlstrom is the program chairman. Boxes of blessings will be received at this meeting.

Royal Neighbors—Members of Mayflower Camp, No. 10707, Royal Neighbors of America, will hold a social this evening in the I. O. O. F. hall. Hostesses will be Mrs. William Bellore, Mrs. Albert Demers and Mrs. Hector Popour. The public is invited.

Presbyterian Guild—A regular meeting of the Presbyterian Guild will be held Wednesday evening in the church parlors. Hostesses are Mrs. Neva Richards and Mrs. Mina Dreffs. The devotional program will be in charge of Mrs. Beryl Graff who will speak on the topic "The Christian Home." All members are asked to be present.

Sale—The Women's society of St. Peter's Lutheran church will sponsor a bake and apron sale Saturday at the Co-op store beginning at 1 p. m.

COOKS RESIDENT DIES SUDDENLY

Walter J. Tomamichel To Be Buried Thursday Afternoon

Walter J. Tomamichel, 48, who moved to Cooks from Detroit about two years ago, died suddenly Monday morning.

Mr. Tomamichel had for years followed the trade of linoleum and carpet layer and was at the time of his death an honorary member of that trade union. Retiring in 1943 he moved to Cooks where he engaged in farming.

He was born in Medora, North Dakota, on October 19, 1897 and was married in Detroit on October 20, 1924.

Surviving him are his widow, his parents, Mr. and Mrs. Jacob Tomamichel of Medora, N. D., and a brother, Lester, of Cooks.

The body will lie in state at the Kefauver and Jackson funeral home until Wednesday afternoon when it will be taken to his home on Thunder Lake road where the funeral services will be held at 2 o'clock Thursday afternoon. The Rev. Meldon Crawford of the First Methodist church will conduct the services. Burial will be in Fairview cemetery.

Use Of Air Rifles, 22s And Sling Shots Taboo In City

Due to many complaints to the effect that there is a wide-spread violation of the city ordinances applying to the use of firearms, sling shots and air rifles, Chief of Police Roy Anderson warns that he has instructed the force to make arrests in cases where violations are known.

The use of weapons of this sort—particularly 22 rifles—has been quite general during the open season for ducks, and places along the lake shore and the banks of the river within the city limits have been used as hunting grounds not only by youngsters but adults as well. There have been several complaints about stray bullets coming very near having serious results, says the chief. This must stop, he emphatically warns.

When you have creamed vegetables left over use them to thicken soup.

DAV Chapter Has Installation Of Officers

Manistique Chapter 26, Disabled American Veterans, is now operating under the guidance of a new set of officers installed October 17 at ceremonies at the Legion hall. Serving as installing officers were Hubert Burgess, Iron Mountain, second junior vice commander; and John Stukel, Calumet, field service officer. The following officers were installed: Henry Gardner, commander; Vern Patz, Jr., vice commander; John Larson, adjutant and treasurer; Clyde Arrowood, officer of the day, and Milton Bunker, chaplain.

Brief talks were made by the department officers following the ceremony, the talks dwelling on benefits to be derived through membership in the organization. Mr. Stukel also explained that the DAV is an organization chartered through an act of congress and that it is "founded upon the spirit of fellowship, comradeship, mutual aid and cooperation." "The DAV," said Mr. Stukel, "has only one plank in its platform—that being to help the disabled."

Three new members were accepted at the meeting. Refreshments were served at the close of the meeting.

City Briefs

Mr. and Mrs. Ernest Smith and Mrs. Tom Burse spent yesterday in Escanaba.

A. O. M. 2/C Martin Goodreau, who has been visiting his parents for the past week, left Monday morning for Jacksonville, Fla.

Visiting Sunday at the home of Mr. and Mrs. Hans Olson, Schoolcraft avenue, were: Mr. and Mrs. Peter Quinlan and Mr. and Mrs. Tim Quinlan, all of Newberry.

Sgt. and Mrs. Wallace Severs of Bryan, Texas, are the parents of a son, Loren William, born October 14. The baby weighed seven pounds and ten ounces. Sgt. Severs is the son of Joseph Severs, North Houghton avenue.

Mrs. Maude Baker of Marquette is visiting in the city this week with friends.

Mr. and Mrs. Joseph Parker and daughter arrived here Sunday morning from San Francisco, Calif., where they will make their home. Mr. Parker was recently honorably discharged from the army.

Mrs. Clyde McMillan and son, Pvt. Cecil McMillan, have returned to their home here after spending the past week visiting relatives in McMillan.

Sgt. Norman Patz arrived here Friday morning from overseas to visit with his parents, Mr. and Mrs. John Patz, North Second street.

Julius Van Wiel Wins Spud Prize In Menominee Co.

Menominee—Julius Van Wiel of Vulcan whose farm straddles the Menominee-Dickinson county line won top honors and \$100 in the Menominee County Potato Show held in the Stephenson High school gymnasium. The \$500 in cash prizes awarded at the show was given by Menominee county and the Stephenson Marketing Association for highest scores in the Menominee county potato growers contest, now in its second year. The contest gives points for good potato growing practices.

Jean Erickson of Hermansville was crowned Menominee county potato queen of 1945 by Miss Mary Muller, county home extension agent, after selection by a board of 12 judges. Her court of runners-up included Joyce Hubbard of Stephenson, Beverly Fazer of Spalding, Joan Fazio of Hermansville and Stella Potvin of Harris. The contest was open to all girls living on Menominee county farms where potatoes are grown. Miss Erickson will be Menominee county's entry in the contest to pick a U. P. potato queen at the U. P. Potato Show in Menominee High school gymnasium next Tuesday, Wednesday and Thursday.

Here's a SENSIBLE way to relieve MONTHLY FEMALE PAIN

Lydia E. Pinkham's Vegetable Compound is famous not only to relieve periodic pain but also accompanying nervous, tired, headache, feeling—when due to functional monthly disturbances. BLIND PIANIST TO PLAY HERE

Gives Program At Gym To Boost Victory Fund Drive

Mary Camberg, talented blind pianist, will present a musical program this afternoon at 2 o'clock at the high school gymnasium in the interests of the Community Chest and Victory Fund drive which started in Gladstone yesterday.

While the audience will be composed primarily of pupils and students, interested adults are invited and the gallery in the gym will be open for their convenience.

Miss Camberg has been a member of a show which toured army camps in Europe for a period of six months and which unit was voted the highest rating of any touring the army posts.

For several weeks she has been touring cities of Michigan in the interests of the Victory Fund and when this itinerary is completed she will go on tour of bases in the Pacific.

Social

Honored

Leonard Johnson, son of Mr. and Mrs. Fred Johnson, 222 North Court street, who was recently discharged from service, was entertained at a welcome home party on Sunday at the home of his brother and sister-in-law, Mr. and Mrs. Alfred Johnson, Route 1, Gladstone.

Dinner was served at 1 o'clock and the afternoon was spent socially.

Leonard was in the service of his country for three years, two of which were spent overseas in Africa, Italy, France, Belgium and Germany.

Those present were Mr. and Mrs. Fred Johnson, Mr. and Mrs. Ted Johnson and family, Mr. and Mrs. Ted Erickson, daughter, Thelma, and sons, Robert and Junior, Mr. and Mrs. Perry Flannery and family, Brampton, and Mr. and Mrs. Alfred Johnson and sons, Robert and Arnold, and daughter, Gloria.

Dean Berthiaume Granted Discharge

Cpl. Dean A. Berthiaume arrived Saturday night from Camp McCoy, Sparta, Wis., where he received an honorable discharge from the U. S. Army.

Cpl. Berthiaume had been in service for two and one-half years and served for 10½ months in the European theater of operations with the 10th division.

Berthiaume wears four battle stars, the Combat Infantryman's badge and the Good Conduct medal.

He and his wife, the former Genevieve Anderson, are residing temporarily with Mrs. Berthiaume's parents in Gladstone.

Husband Of Former Local Woman Dies

Shirley J. Trick, 23, passed away on the afternoon of Thursday, October 18, at Dearborn hospital, Detroit, where he had been confined, according to word received here. He had been in ill health for three months.

Trick was married three years ago to Paula Jane Snyder, formerly of Gladstone. They have one son, John, one year old.

Funeral services were conducted Sunday afternoon at Henton funeral home in Delton, Mich.

MICE HARVESTERS

Mice are used as harvesters by the Eskimo. Instead of digging laboriously for the potato-like roots of the mushoo plant, the Eskimo waits until mice have dug and stored the roots. The Eskimo helps himself, but leaves enough for the mice and adds some dried fish for good measure.

If not delighted, low cost is refunded. At all good drug stores everywhere—in Escanaba at City Drug Store.

HEADLIGHTING CHARGED TO 5

All Plead Not Guilty On Arraignment In Court

Five Gladstone men were arrested Saturday night and Monday morning were arraigned before Justice of Peace O. C. Estenson on charges of attempting to kill deer with the aid of an artificial light and all five entered pleas of not guilty to the charges.

The five are Yens Wheaton, Lt. Robert Wheaton, Gerald Madden, George Pada and Lloyd Seelye. Yens Wheaton was arrested twice the same night and two charges were placed against him.

Bond in each instance was set at \$100 and all were released. Date of the trials has not been set.

Arrests were made by a group patrol in which John Anguilm, district supervisor; Paul Challancin, assistant supervisor, and Conservation Officers Clayton Brown, Escanaba, Roy Roberts of Nahma, and Allan Tweedy, Keith Johnson and Ernest Rushford of Rapid River, participated. All arrests were made on the Stonington Peninsula.

Pada and Seelye were together and in their auto was found a .410 shotgun and a light.

In the Wheaton auto were Mr. and Mrs. Yens Wheaton and son, Lt. Robert Wheaton. This arrest was made at 11:30 p. m., and in the auto were found a .22 caliber automatic rifle and a 20 gauge shotgun and a flashlight and spotlight.

Sunday morning at 3:30 o'clock another auto was stopped and in this auto were Mr. and Mrs. Gerald Madden and Mr. and Mrs. Yens Wheaton. Also in the car were found a .22 caliber repeating rifle, a 12 gauge shotgun and a headlight.

Cub Pack Meeting At Gym Thursday

A Cub pack meeting is to be held Thursday evening at 7 o'clock in the high school gymnasium. It is announced by George Strong, Cubmaster. All den committee men, mothers and fathers of members and Cubs should be present, it was stated.

In many parts of Europe it is still believed that bathing in certain pools or rivers will insure fecundity.

PACKERS BEAT BOSTON YANKS

Bays Win, 38-14; Lions, Rams, Redskins And Steelers Triumph

Milwaukee, Oct. 21 (AP)—The champion Green Bay Packers got back on the victory road today by dealing the Yanks of Boston their first beating of the National football league season, 38 to 14.

Rebounding after their defeat by the Cleveland Rams last week, the Packers had quite a struggle with the eastern club in the first half, but pulled away easily in the last two periods. They spotted the Yank a touchdown and the extra point in the first four minutes of play, but tied it up by the same old method—a brilliant aerial play from Ivy Camp to Don Hutson, and at half time, led by 21 to 14.

Hutson Honored

The Yanks threatened early in the third period, but penalties set them back after they had moved to the Packers eight.

It was "Don Hutson's day" and the incomparable Packer star obliterated by adding 17 points to his league-leading total, through two touchdowns and five points after. Between halves he was given a certificate for an expensive automobile from Wisconsin football fans.

STEELERS TIP GIANTS

New York, Oct. 21 (AP)—Buist Warren, a Philadelphia Eagle disc who joined Pittsburgh only 10 days ago, passed and ran the New York Giants dizzy today to give the Steelers their first National football league victory, 21-7, before a Polo Grounds crowd of 43,000.

The Giants, compelled to present a patched-up lineup, since Ward Cuff was out nursing a broken finger, were never in the game.

Led by the 175-pound former Tennessee star back, only a month out of the Army, the Steelers grabbed a 21-0 lead before the first half was over and went on to erase the sting of a 34-6 beating

the Giants gave them two weeks ago.

The Giants' score came in the second quarter when Steve Filipowicz ripped off three straight first downs to the Pittsburgh's two as the half ended.

The Giants came close to scoring in the second quarter when Steve Filipowicz ripped off three straight first downs to the Pittsburgh's two as the half ended.

REDSKINS UPSET EAGLES

Washington, Oct. 21 (AP)—The unpredictable Washington Redskins packed a terrific scoring wallop today and extended this season's run of pro football upsets by whipping Philadelphia's Eagles, 24-14, with 34,788 in the stands.

Underdogs by at least a touchdown, the Redskins went on one long parade after another in handling the Eagles their second setback on successive Sundays.

Only once were the Eagles ahead. After Joe Alguire's field goal in the opening period, Steve Van Buren did the expected by streaking over from the 15-yard line to cap an 80-yard Philadelphia drive in the second quarter.

LIONS BEAT CARDS

Detroit, Oct. 21 (AP)—Chuck Fenebuck's slingshot arm connected for three first half touchdowns down passes today as the Detroit Lions beat the Chicago Cardinals 26 to 0 in a National pro league football game before the year's largest crowd here, 32,644.

Fenebuck, the former USLA ace recently released from service, threw scoring passes to Ends Johnny Greene and Jack Matheson and Fullback Bob Westfall during a ten minute stretch in the first two periods as the Lions jumped into a 20-0 halftime lead.

Halfback Day Ryan punched across from the one-yard line in the final stanza to climax a 93-yard Detroit parade for the last touchdown.

RAMS WIN AGAIN

Chicago, Oct. 21 (AP)—Cleveland's Rams shook off a last half Chicago threat as rookie Bob Waterfield and veteran Jim Benton teamed up in an aerial game to defeat the Bears, 41 to 21, in a National football league game before 28,273 in Wrigley Field today. It was the Ram's fourth straight

BRAVES PLAY AT STEPHENSON

Gladstone Will Oppose Eagles Friday Afternoon

Gladstone, Mich. — The undefeated and untied Braves of Gladstone high school yesterday started preparations for their sixth game of the season scheduled for Friday afternoon at Stephenson.

The game was originally scheduled for Saturday, October 27, but was set ahead a day at the request of Stephenson. Many of the Stephenson players come from some distance to attend school and playing on a day when they are already in school will save making an extra trip with bus to pick up the players. Most of Stephenson's home games are played on Friday, it is stated.

Gladstone came out of the Ishpeming game without serious injury and should be at top strength for the Steves, barring injury in practice sessions this week.

The Braves last Saturday would have given the best in the Upper Peninsula trouble. The linemen tumbled holes in the Ishpeming front wall through which backs pranced and the blocking downfield was hard and sure. Good defensive play almost completely nullified an Ishpeming offensive which has been fair this season, stopping the elusive and speedy Tonkin time and again. Only to aerial play were the Braves vulnerable to any extent.

win, and the Bears' fourth loss.

The game was off to a 20-7 lead in the first half, and then were helpless as the Bears snapped back for two third-quarter touchdowns to take a momentary lead, 21-20. But that third Chicago touchdown shook the league leaders, and they came back to score another touchdown to regain the lead in that period. They sewed up the victory with two more in the last quarter.

LEAGUE STANDINGS

Western Division

Team	W	L	T	Pts.	Op.
Cleveland	4	0	0	106	35
Green Bay	3	1	0	140	83
Detroit	3	1	0	85	81

Chicago Bears at Detroit.
Boston Yanks at Pittsburgh.

The free substitution rule in the experiments at Negaunee and Manistique is the same rule adopted

The Sports Parade

By Ken Gunderman

Negaunee became the first upper peninsula football team to pass the 200 mark in scoring when the Miners walloped Marquette, 41 to 26, last Friday night, but Negaunee lost the net scoring lead to Gladstone over the week end. The Braves have scored 172 points in five games to 23 by their opponents, a net total of 149, while Negaunee's net total is 143, since their opponents have earned 58 points against the Miners. Negaunee's totals, both actual and net, were made in seven games while the Braves have run up their amazing total in only five games.

On the basis of average scoring per game, Gladstone has the best net average, 39 4/5 points per game, but Sault Ste. Marie tops the group in actual scoring, disregarding opponents' totals. The Blue Devils have scored 179 points in five upper peninsula games, averaging 35 4/5 points per game. Escanaba's actual scoring average is 26 1/6 points per game and the Eskymos' net average is 20 5/6 points per game. The Soo's net scoring average is 25 3/5 points per game. Defensively, Stambaugh has the best record in the peninsula, only 20 points being scored against them in six games, an average of just 3 2/3 points per game. Ishpeming has the poorest defensive average, yielding 35 1/3 points per game.

Free substitutions were permitted in the Negaunee-Marquette game Friday night and in the Manistique-Soo game Saturday, just as an experiment, and it was generally agreed by the coaches and officials in those games that the system is much better than the substitution plan provided for in the official rules. Under the free substitution agreement, coaches can substitute players at will without being charged with a time out and without having the substitutes report to the game officials. The only requirement is that the substitutions must be made without interfering with the progress of the game and without creating any delay.

Despite the constant stream of substitutes going on and coming off the field, the game actually is considerably speeded up because there are no time outs charged for this purpose. Neither is there any delay in reporting to officials. The coaches like the idea because it preserves the three time outs per half for occasions when they are most needed. It is true that the free substitution provisions places some additional responsibility upon officials to be certain that each team always has the required number of men on the field—11—no more, no less—but this is merely a simple process of counting the number of players coming on the field and then checking the number leaving the field.

The free substitution rule in the experiments at Negaunee and Manistique is the same rule adopted

by the professional league. The substitutes hurry out on the field as soon as a play is completed, and the players that they are to replace on the shoulder and these men hurry off the field as quickly as possible to avoid a penalty for delaying the game. The next play continues without missing a beat. It requires cooperation, of course, to work smoothly but five yard penalty. There were no such penalties in the Soo-Manistique game and none at Negaunee, either.

MARINES NEXT FOR ESKYMOS

St. Joseph Plays Munising Saturday For Brown Jug

The Eskymos football team will move out of upper peninsula competition this week to tackle a fast developing powerhouse at Marquette Saturday, while the St. Joseph Trojans, idle last week, return to the gridiron wars with their traditional Little Brown Jug battle here with Munising. The Gladstone Braves will play at Stephenson in a Friday afternoon game.

The Escanaba high school team won a bitterly contested joust at Iron Mountain Saturday, 14 to 6, thereby assuring that they will enter the season's finale with Gladstone Nov. 3 still undefeated in upper peninsula competition. The Braves, however, still have to get by the Stephenson Eagles to be assured of bringing an unbeaten record into the Nov. 3 classic at Escanaba.

Although the Marinette game will have no bearing on the upper peninsula race, the Eskymos will be fighting hard for victory in the hope of maintaining their undefeated record. The prospects, however, are not too encouraging. Coach Ruwiche, who scouted Marinette against Stevens Point Saturday night, reported that the "Marines have everything".

The St. Joseph team will meet Munising here Saturday afternoon. After a slow start, the Algerites have been on the rebound and are showing more offensive power than they have exhibited for several seasons. The game shapes up as a hard battle between teams that appear evenly matched, with the brown jug as the stake.

News From Men In The Service

Leonard E. LeClaire, son of Mr. and Mrs. Eugene LeClaire, 405 S. 19th St., Escanaba, has been honorably discharged from the Army Air Forces. It was learned today, LeClaire's last duty station was at the Air Transport Command's Ferrying Division base near Reno, Nev., and he received his discharge at the Sioux Falls separation base, Sioux Falls, S. D.

As a member of the air forces, LeClaire received the China-Burma-India ribbon, European theater operations ribbon, the distinguished flying cross, and the air medal. He was promoted to the rank of corporal May 1944. LeClaire enlisted at Escanaba, Mich., January 1942.

Cpl. Glenn R. Munn, Rapid River, has cleared the Grenier Field, N. H., Air Force Separation Center and will return home in the near future with an honorable discharge.

A mechanic in civilian life, Cpl. Munn has served three years and five months in the Air Force as a mechanic. He is a veteran of the American Theater of Operations.

Cpl. Munn is the son of Mrs. Mary Munn, Rapid River, Mich. On his return to civilian life, Cpl. Munn plans to go back to his former job.

Mr. and Mrs. Phil Baribeau, 538 North 18th street, have received word that their son, S/Sgt. William J. Baribeau, is back in the States from Europe. Sergeant Baribeau has been in the service four and a half years. He spent two and a half years in Hawaii before going to Europe.

Cpl. James A. Kennedy, son of Mr. and Mrs. W. L. Kennedy, 525 South Eleventh street, has arrived at Osaka, Japan, he has informed his parents. He has been stationed in Oahu for the past two years and has been in service for two and a half years. He described Osaka a city similar to Chicago, except for the devastation created by the war.

HANCOCK DROPS TO BEATEN LIST

Only Three Teams Still Undefeated In Peninsula Football

The list of undefeated upper peninsula football teams dwindled to three over the week-end when Hancock, previously unbeaten, was walloped by Calumet, 32 to 0. The Hancock defeat was not exactly unexpected, however.

The three leaders, Negaunee, Gladstone and Escanaba, maintained undefeated records as a result of victories over the week-end. Negaunee trounced Marquette, 41 to 26; Gladstone licked Ishpeming, 45 to 14, and Escanaba won a hard fought 14-6 decision over Iron Mountain.

The major upset of the week-end was turned in by L'Anse, a team which Hancock and Houghton have sidestepped this season. L'Anse turned in a surprising 26 to 10 victory over Iron River.

Menominee which reached top heights with its early season victory over Sault Ste. Marie skidded further down the ladder with its third successive defeat, a 25-0 lacing at Ironwood.

The won and lost records of the upper peninsula teams follow:

Team	W	L	T	Pts.	Op.
Negaunee	7	0	0	201	58
Gladstone	5	0	0	172	23
Escanaba	5	0	1	157	32
Stambaugh	5	1	0	95	20
Hancock	5	1	0	87	44
Ironwood	4	1	0	91	28
Sault Ste. Marie	3	1	1	179	51
Houghton	4	2	0	99	62
Iron Mountain	3	2	0	62	34
Calumet	4	3	0	87	95
Newberry	3	3	0	87	85
L'Anse	2	2	0	59	47
Bessene	2	2	0	26	46
Wakefield	1	3	0	30	25
Kingsford	2	3	0	78	67
Iron River	2	4	0	20	85
Marquette	2	4	0	65	138
Manistique	2	4	0	45	147
Menominee	1	3	0	32	100
Norway	1	4	0	33	86
Ishpeming	1	5	0	73	212
Munising	1	6	0	32	144
St. Joseph	0	2	0	6	71
Stephenson	0	3	0	12	44
Lake Linden	0	4	0	12	79
Ontonagon	0	4	0	18	99

Eagles Want Crack At Unbeaten Rams

Philadelphia, Oct. 22 (AP)—The Philadelphia Eagles, dumped twice in a row after a tremendous pre-season buildup, are anxious for a crack at the undefeated Cleveland Rams Sunday.

"At least with our potential just won't lose three in a row," commented Coach Earle J. (Greasy) Neale after he saw Sammy Baugh and company engineer a 24-14 victory for the Washington Redskins Sunday.

The Eagles, however, don't feel as if they're out of the title picture in the National Football League's eastern division, Neale asserted, pointing out that the team he figures will be the toughest, the Boston Yanks, are only a half-game ahead of the Eagles.

The Eagles rolled up plenty of yardage against the Detroit Lions a week ago, but poor pass defense cost them a 23-24 defeat.

The Rams will be tossing a lot of aerials, with Bon Waterfield, the former UCLA star, doing the flipping, and Neale knows his pass defense will have to be a whole lot tighter if the Eagles are going to win.

Boys' School Named For Knute Rockne

San Diego, Calif., Oct. 22 (AP)—A boys' school named for the late Knute Rockne, famed football coach of Notre Dame University, will be built near here, the Most Rev. Charles Francis Buddy, Bishop of San Diego, announced today.

The school will occupy a 50-acre tract in a valley 20 miles from San Diego and will be known as the "Knute Rockne Academy, San Diego Foundation for Boys". The academy will offer technical arts training for boys indiscriminate of race, color or creed and is to be supported by public subscription.

Baltimore, Md., Oct. 22 (AP)—H. L. Straus' New Moon, winning the first division of the Ritchie Handicap at Pimlico race track today, broke the stake record in registering a four lengths victory over Mrs. P. A. B. Widemeyer's Polynesian, while Brookfield Farm's Brookfield captured the second division of this six-furlong sprint.

REDS WIN

When their St. Joseph grade school opponents failed to show up for their scheduled game at Ludington park Sunday, the Escanaba Midgets chose up sides for a game, in which the Reds defeated the Blues, 34 to 14.

Pairings Announced For Twilight League

Following are the pairings for today's twilight league play at the Escanaba Golf Club:

C. G. Nelson vs. Dr. L. Groos
C. Hogan vs. D. McGinn
G. Cleary vs. O. D'Amour
J. Jackson vs. Wm. Henderson
H. Shepek vs. H. Snow
H. Huckenpahl vs. H. Be-langer
B. F. Bode vs. B. Sommers
Dr. L. Groos vs. J. Lee
L. Guetereuter vs. E. G. Bennett
E. Harvey vs. C. Hawkins
H. Johnson vs. J. Lemmer
J. Lavolette vs. M. E. King
Art Anderson vs. E. A. Wenner
L. Hendricks vs. C. Deceol
W. Peterson vs. E. Swanson
Fred Johnson vs. H. Needham
P. Weinberg vs. J. Jones
H. Ehnerd vs. G. Rowles
A. Lundgaard vs. Wm. Skellen-ger

J. Frost vs. L. Vinje
Dr. Boyce vs. W. Haddock
P. Wohlen vs. Dr. Stellwagen
J. Watson vs. J. Boyle
H. H. Gerletti vs. L. L. Farrell
L. Peltier vs. W. Schuldes
Geo. Brown vs. J. Poffenberger
W. Dickson vs. R. Starrin
Stan Johnson vs. J. Norton

J. Jones vs. E. Theriault
Wm. Kennedy vs. F. Raack
W. J. Schmidt vs. Dr. Kitchen
Geo. Marcoullier vs. Dr. Har-tington

Irish And Cadets Gain In Grid Poll

BY HAROLD CLAASSEN

New York, Oct. 22 (AP)—Army and Notre Dame galloped to added strength in today's compilation of the Associated Press' weekly poll to determine the country's top collegiate football team, while Navy and Ohio State skidded to lower berths.

The Cadets, who have reigned since November last year without interruption, grabbed 101 of the 112 first place votes and were not placed lower than third on any ticket.

Notre Dame, which defeated Pittsburgh Saturday by a 39 to 9 margin after a rugged first quarter, moved into second place ahead of Navy, which lumbered to a 20 to 6 conquest of Georgia Tech.

Biggest change in the standings, however, was brought about by Purdue's 35 to 13 victory over Ohio State, last year's Big Ten champion. The Boilermakers bounded from ninth to fourth ranking while the Buckeyes dropped from fourth to twelfth.

Minnesota, Alabama, Pennsylvania, Indiana, Texas and St. Mary's of California completed the first ten in that order.

The University of Michigan rated 16th in the poll with 33 points.

Former Tiger Coach Signs With Phillies

Philadelphia, Oct. 22 (AP)—Cy Perkins, catcher for the Philadelphia Athletics from 1917 to 1939, has been signed to coach the Phillies next year, the Phil's management announced today.

Perkins, who served 27 months in the Navy, has managed the Lancaster Red Roses of the Interstate League and the Burlington club of the Carolina League. He was a New York Yankee coach for three seasons and was a Detroit Tiger coach in 1940.

TRADING TRENDS

New York, Oct. 22 (AP)—Stocks: Steady; assorted rails and industrials advance.

Bonds: Steady; small gains in secondaries.

Cotton: Firm; broad trade buying.

Wheat: 1/2 to 1/4 cent higher; influenced by government buying.

Corn: Up 1/4 to 1/2 with wheat.

Rye: 7-8 up to 1-8 down; influenced by wheat.

Hogs: Active and fully steady. Top \$14.85, ceiling.

Cattle: Mostly steady to strong. Top \$18, ceiling.

FOREIGN EXCHANGE

New York, Oct. 22 (AP)—Closing foreign exchange rates follow (Great Britain in dollars, others in cents):

Canadian dollar in New York open market 91 1/2 per cent discount, or 90.75 U. S. cents, unchanged.

Europe: Great Britain \$4.03 1/2, unchanged.

Latin America: Argentine free 24.92, up .03 of a cent; Brazil free 5.25; Mexico 20.65.

2 1/2s, 69-64, Dec., 102.4.

DEMAND LIGHT ON STOCK LIST

BY VICTOR EUBANK

New York, Oct. 22 (AP)—Selected rails, industrials and utilities pushed forward in today's stock market although demand was relatively light and many leaders suffered from neglect.

Buying again was predicted mainly on the urge to employ idle investment funds, inflation hedging, earnings, dividends, recording strikes and the improved outlook for reduced taxes.

Trends stiffened in the final hour after considerable early irregularity. Gains of 1 to 3 points were well distributed at the close, with scattered wider gains by notably "thin" stocks.

The Associated Press 60-stock average was up 4 of a point at 228 where it was only one-tenth under its recent 8-year peak of 232 1/2.

In front were Bethlehem, Chrysler, Santa Fe, Southern Railway, Great Northern, Sears Roebuck (up 4 1/4), on the eve of the 4-for-1 split-up, Douglas Aircraft, United Aircraft, American Water Works, Houston Oil, Johnson & Johnson, Owens-Illinois and U. S. Gypsum.

BONDS STEADY

New York, Oct. 22 (AP)—The bond market held a steady course today under limited demand for rails and investment rated corporates as underwriting got off to a slow start.

The last week of activity before the Victory Loan drive.

Holding gains of fractions generally and some steady points on the part of, among others, bonds of the Baltimore & Ohio, American Telephone, Central of Missouri, International Hydro Electric, Missouri Pacific, New York Central, New Haven and St. Louis-San Francisco.

U. S. governments were quiet.

A heavy bond steady counterpoint scheduled for this week was further boosted by decision of the directors of the Chicago Board of Trade to increase the Railroad to jump into the new financing stream before the War Loan drive.

The result will sell at competitive bidding on Friday \$65,000,000 of bonds to retire outstanding obligations.

A \$200,000,000 of bonds and stocks are on tap for disposal before next Friday if all goes well. The sale was inaugurated today with the sale by Montana of \$40,000,000 of bonds and a smaller block of bonds and stock by Union Electric of Missouri.

Foreign dollar bonds were stimulated by heavy demand for some of the new issues.

Total sales of \$6,670,000 compared with \$8,780,000 last Friday.

DEER PROBLEM REVIEWED HERE

Conservation Officer Is
Speaker At Lions
Meeting

John Angulin, district conservation officer, outlined the views of the conservation department on the subject of deer propagation in Michigan at the meeting of the Escanaba Lions club last night, stressing the fact that certain deer areas are overbrowsed.

Angulin declared that considerably more deer can be legally harvested by hunters in Michigan than are now being taken annually provided proper ratios are maintained between the deer population and the availability of feed.

The district conservation officer reported that poaching is still a serious problem in the state and particularly in Delta county which, he said, has one of the blackest records for deer violations of any county in the state.

Angulin told the Lions club and members of the Wolverine Conservation club who attended the meeting that the conservation department is seeking broad authority to regulate deer hunting in overbrowsed areas, with the view in mind of reducing the deer population in those areas to the available feed. The alternative, he said, is extensive starvation of deer.

Included on the program was a showing of U. S. Forest Service wildlife films.

Rialto Theater Is Sold In Marinette

Marinette, Wis.— Sale of the Rialto theater by the Coffey Bros. Land company to Max Weisner of Milwaukee was announced today by Fred F. Stein, assistant general manager of the Fox-Wisconsin Amusement Corp., which will operate the playhouse.

Stein said the amusement company will lease the house from Weisner, Milwaukee realtor. Stein reported the theater will be completely redecorated before it is opened early next month. The company will close the Strand theater when the Rialto is reopened.

Weisner paid \$45,000 for the playhouse. Between 4,000 and \$5,000 will be spent in redecorating, according to Les Rose, Fox-Wisconsin manager here. Fox-Wisconsin operates the Fox.

The theater will be managed by Harold Pearson of Marinette, who was in the theater business prior to the war.

When the Rialto opens, the Fox again will be a No. 1 house here, playing two double feature bills of A pictures weekly, Rose said. The Rialto will play second run and re-issued pictures.
